

MAKE YOUR PROTEIN PRODUCT MORE MARKETABLE

Golden
Chlorella™ HIGH PROTEIN

Everything you need,
plus a little more.

Sure, other proteins are good for you, but why not choose the one that is better? Golden Chlorella™ High Protein is a new, dynamic product that offers a unique choice for product developers. An excellent, nonanimal-based source of protein with a unique amino acid and micronutrient profile, it is a great choice as a protein supplement. For products that aim to support immune function, improve heart health, or enhance exercise and recovery, Golden Chlorella™ High Protein is the ideal choice. As if that weren't enough, Golden Chlorella™ High Protein meets the requirements of many of today's consumers. It's vegan, gluten-free, nonallergenic, and sustainably grown. Golden Chlorella™ High Protein – the future of protein.

- Vegan
- Gluten-free
- Nonallergenic
- Sustainably grown
- Highly beneficial nutrient profiles
- Highly digestible and complete protein

Golden Chlorella™ HIGH PROTEIN

Golden Chlorella™ High Protein

Golden Chlorella™ is a family of ultra pure, sustainably grown microalgae powders that offer unique and highly beneficial nutrient profiles. Golden Chlorella™ High Protein contains 50% vegetarian, highly digestible protein by weight; 15% dietary fiber; and a range of micronutrients. It is a complete protein source, providing all essential amino acids, and represents a novel, nonallergenic alternative to standard soy, whey and egg. Golden Chlorella™ High Protein has a superior taste profile compared to conventional Chlorella products and is commercialized in high-quality dietary supplements and functional foods. GCHP is self-affirmed GRAS, Kosher, and Halal and is grown in the United States in a quality-controlled cGMP environment without pesticides or herbicides.

Solazyme™ is a leading provider of sustainable, microalgae-based ingredient and product innovations. Based on a remarkable manufacturing process, their technologies now include a wide range of compelling product applications – everything from natural health and beauty ingredients to renewable fuels and green chemicals. Solazyme's Health Sciences™ division is proud to introduce two exciting new ingredients for Nutritional Health: Golden Chlorella™ Omega and Golden Chlorella™ High Protein. These ultra pure and omega- and protein-rich powders open the door to a wide range of novel and nutrient-packed formulations and will forever change the way you view greens.
