

Golden Chlorella™ OMEGA

Bringing all the benefits together into one heart healthy ingredient.

Don't settle for an omega product that will give you a single benefit. Golden Chlorella™ Omega offers you complete heart health benefits. With a lipid profile that tightly mirrors that of olive oil but with high fiber, potassium and natural vitamins E and D, Golden Chlorella™ Omega is an excellent heart healthy choice as a food ingredient for the health conscious consumer. The high fiber and oleic acid content can help maintain a healthy blood lipid profile while also supporting satiety, making it a perfect complement to a cardio health or weight management program. And because it is rich in other naturally-occurring heart health compounds, it delivers a truly complete Omega, all from a sustainably-grown source. A complete Omega, now that's something to take to heart.

Golden Chlorella™ OMEGA

Golden Chlorella™ Omega

Golden Chlorella™ is a family of ultra pure, sustainably-grown microalgae powders that offer unique and highly beneficial nutrient profiles. Golden Chlorella™ Omega powder contains 50% heart healthy omega 3, 6, and 9 oils by weight and 20% dietary fiber. It also provides naturally-occurring phospholipids, tocopherols, tocotrienols, and sterols, making it a perfect stand-alone ingredient for next-generation heart health formulas.

Golden Chlorella™ Omega powder has a superior taste profile compared to conventional Chlorella products and is commercialized in high quality dietary supplements and functional foods. GCO is self-affirmed GRAS, Kosher, Halal, and is grown in the USA in a quality controlled cGMP environment without pesticides or herbicides.

Solazyme™ is a leading provider of sustainable, microalgae-based ingredient and product innovations. Based on a remarkable manufacturing process, their technologies now include a wide range of compelling product applications – everything from natural health and beauty ingredients to renewable fuels and green chemicals. Solazyme's Health Sciences division is proud to introduce two exciting new ingredients for Nutritional Health; Golden Chlorella™ Omega and Golden Chlorella™ High Protein. These ultra pure and omega and protein-rich powders open the door to a wide range of novel and nutrient-packed formulations and will forever change the way you view greens.
